Section 83 of the Environmental Management Act, 2004 provides that the Environmental Impact Assessments and Environmental Audits shall be conducted by Experts or Firms of Environmental Experts whose names and qualifications have been registered as such by the Council. In addition, regulation 24 of the Environmental Management (Registration and Practice of Environmental Experts) Regulations, 2021 provides that a registered environmental expert in any category shall not conduct any environmental study without a practicing certificate issued under these Regulations.

Therefore, the Council hereby reminds and notifies you that, **from 30th July 2024, no Environmental Expert (Both Individual and Firm) will be allowed to conduct EIA/EA studies without Practicing Certificate.**

Furthermore, the Council reminds all Environmental Experts with **outstanding debts** to settle their bills before applying for practicing certificates as required by Law.
